CHEETAH PLAINS

Architect and interior design studio ARRCC has completed a safari retreat in the Sabi Sand Game Reserve, a South African park that is home to elephants, lions, rhinos, giraffes, hippos and cheetahs. ARRCC, by combining traditional safari-style architecture with more simple, contemporary details created an “afro-minimalist” aesthetic at Cheetah Plains.

This beachside home, which maximises magnificent sea views of Hermanus is designed with a welcoming nautical style. The hand-scraped floor, with the same rippled look of a windswept sand dune, was the perfect choice.

Architects: Wynand Wilsenach

Ogee Oak Classico Rustic Handscreaped Greymist with WOCA Denmark UV Oil
Camissa House is more than just a boutique hotel, this is a serene, mountainside hideaway found in Cape Town’s most enviable location. All their rooms flaunt magnificent views of the city, perfectly complimenting the tranquility that stem from its spectacular surrounds.

Interior Design: Make Studio
Oggie Oak Chevron with WOCA Denmark White Oil
TEN ON Q boasts some nifty space saving and compact living features. All Blok developments come complete with exquisite finishes with natural oak flooring throughout and the finest bathroom and kitchen fittings.
